

ZEL6640FBV Built-in Hob

Ultra-fast reactions

The ideal hob for busy people! The fast-reacting induction hob speeds up your cooking.

Because a hob is for cooking – not waiting around!

This induction hob's heat-booster function gets the selected cooking zone and pan to exactly the temperature you want – fast!

Start cooking, set the time – and go!

This hob's Set &Go function can almost cook your dish without your help. Simply set the time and go – the hob will switch itself off at the end of the cooking time.
