

EED14650OX Warming Drawer

Serve up on luxuriously warm dishes

Serve your guests on pre-warmed dishes, just like the professional chefs do. This clever warming drawer is ideal for heating up plates and dishes and keeping food warm.

Comfortably warm all over, to keep each mouthful hot

Warm each dish to a comfortable temperature all over, thanks to the warming drawer's warm air circulation system. Every mouthful stays hot and tasty.

Rethink how you defrost, with this clever alternative

Here is a smart alternative to defrosting food in the microwave – the warming drawer. It creates the perfect temperature for gently defrosting your food.
