

HK764403XB Built-in Hob

The adaptable surface for every pan

The MaxiSense® induction hob has self-sizing cooking zones. That means each zone detects the sizes and shapes of the pans you're using, however large or small, and sends immediate heat to fit their bases exactly. So you have complete control, and the

Combine zones to cook more

This hob can easily cope when you're cooking large amounts – or simply with bigger pans. Just touch the Bridge button to link and control two cooking zones together to fit any large or long pan. Sharing the same temperature and time setting, the linked zones are

Sensitive controls for precision cooking

The Direct Touch controls on this hob help you get delicious results every time you cook. Slide controls let you turn the heat up, down or off with such accuracy that you get the response you want at just the right moment. So whatever mouth-watering meal

More Benefits :
