

ZSG25224XA Microwave

Take the guesswork out of cooking or defrosting food

With auto-cook and auto-defrost programs, this microwave takes the guesswork out of every mealtime. It's designed to cook or defrost at the touch of a button.

Take the guesswork out of defrosting your food

The clever defrost function on this microwave automatically defines the weight of your frozen food and then heats it for precisely the right duration.

Great results at the touch of a button

This super-convenient microwave oven has multiple pre-set programs, such as defrost, cook and grill - so it does exactly what you need it to do, at the touch of a button.
