A quicker way to toast and crisp
This highly efficient grill takes less time than traditional ovens, and will toast, crisp or brown your dishes to precision.

Command your cooking
With the responsive Command Wheel you have complete control over the cooking process, whether adjusting the time, temperature or function of your oven. With just a touch, your current cooking settings appear immediately on the clear colour LCD display for at-a-glance monitoring of your meal, making adjustments exact and precise.

A quicker way to toast and crisp
This highly efficient grill takes less time than traditional ovens, and will toast, crisp or brown your dishes to precision.

All the taste, half the time
A succulent roast chicken, a creamy Dauphinoise, a rich beef casserole - all achieved in just half the time a conventional oven would require. The CombiQuick oven is the faster way to exceptional flavours and exciting dishes, combining hot air fan cooking with the speed of a microwave to give you the mouthwatering finish and

Product Benefits & Features

Microwave-grill combination. Fast Cooking with a crisp finish
Combine the power of a grill and the efficiency of a microwave, with Fast Cooking. Melt mozzarella-topped toasteis, or harden a crème brûlée's sugared lid, all in the microwave. Versatile cooking, mastered.

Connected Cooking for more control in the kitchen
Get your own personal assistant in the kitchen with Connected Cooking. Control the settings of your oven--including timing and temperature--from your mobile device. Get recipe inspiration and preparation tips. Or use it to check the progress of your dishes from another room.

Pre-heat quicker. With Fast Heat Up
Make more of your time with the Fast Heat Up setting, pre-heating the oven 40% quicker than conventional models. Enjoy minimal waiting before beginning a bake, for great results on your schedule.
